

# ARAFAT ULLAH

Web & App Developer

Innovative Full-Stack Web & Mobile App Developer with a proven track record of engineering scalable, cross-platform digital products. Specializing in the MERN stack, Next.js, and React Native, I partner with businesses to translate complex requirements into seamless web and mobile applications that drive user engagement and growth. By combining a keen eye for modern UI/UX design with robust backend architecture, I deliver customized, end-to-end solutions that operate flawlessly across all devices

## RELEVANT SKILLS

### Mobile App Development :

- React Native, Expo, iOS & Android App Architecture, Mobile UI/UX, App Store & Google Play Deployment

### Frontend Web Development :

- JavaScript (ES6+), TypeScript, React.js, Next.js, HTML5, CSS3, Tailwind CSS, Material UI, Redux, Framer Motion

### Backend & APIs :

- Node.js, Express.js, Python, FastAPI, PHP, RESTful API Architecture

### Database Management :

- MongoDB, PostgreSQL, MySQL, SQL, Prisma ORM, Firebase

### Core Competencies :

- Cross-Platform Synchronization, Data Structures & Algorithms, Object-Oriented Programming (C/C++, Java), Performance Optimization

## INTERESTS

- Exploring Cross-Platform Ecosystems
- Passionate about AI & Machine Learning Integration into mobile and web applications.
- Enthusiastic about learning Cybersecurity & scalable Architecture

## EDUCATION HISTORY

### Bachelor of Science in Computer Science

Institution: Islamic University of Technology - OIC

- Estimate Graduation - 2027
- Gazipur, Dhaka, Bangladesh

## WORK EXPERIENCE

### Web Developer | Isya Limited

January 2026 to Present ( Approximate 1+ years )

- Spearheading the development of high-performance web and mobile applications utilizing React.js, React Native, and Node.js, delivering robust cross-platform solutions that meet critical business objectives.
- Architecting scalable front-end systems and secure backend APIs, optimizing data flow and improving overall application responsiveness.
- Collaborating with cross-functional teams to design modular, reusable component libraries, significantly accelerating development cycles and ensuring codebase maintainability.

### Junior Web Developer | Datavvy INC

September 2025 to Present ( Approximate 1+ years )

- Engineering data-driven web interfaces and dynamic dashboards, leveraging modern frontend frameworks to translate complex requirements into intuitive user experiences.
- Assisting in the optimization of web application loading speeds (via Next.js SSR) and mobile app performance, ensuring a premium user experience across all devices.
- Implementing UI/UX enhancements and resolving critical technical issues to maintain a seamless operational flow for end-users.

### Freelance Web & Mobile App Developer

June 2023 to Present ( Approximate 3+ years )

- Architected robust e-commerce platforms and companion mobile apps featuring secure payment gateway integrations, dynamic product catalogs, and optimized checkout flows.
- Fostered transparent, collaborative relationships with international clients, delivering projects on schedule and maintaining a 100% client satisfaction rate.

## COURSES & CERTIFICATES

### MERN Stack Web Developer

Udemy - Jahid Hiron  
October 2024 - January 2025

### Cross-Platform Mobile App Development (React Native)

Online Certification  
Januray 2025 - September 2025

### Next JS Full Stack Developer

Udemy - Masyntech Coding Scl  
November 2024 - January 2025

### Backend Engineering (Java & Python)

Online Certification  
April 2025 - November 2025
